SUMMARY

I am a highly motivated and creative web developer with a strong understanding of HTML, CSS and JavaScript . I have worked on several projects, from simple static websites to complex, interactive web applications. I am passionate about web development and strive to stay up to date on the latest technologies, trends and best practices. I am a fast learner and enjoy working in a team environment, as well as independently. I am confident in my abilities and eager to continue learning and developing my skills.

WORK EXPERIENCE

JavaScript Developer

Sep 2022 - Mar 2023

Platify Technologies Private Ltd, Bangalore

Responsible for building Chrome extensions in JavaScript and scraping data points for analysis. I have experience working with data, drawing insights from it and finding patterns to improve the microservices. My experience has enabled me to develop an understanding of web development and the practical applications of data analytics. I am comfortable working with complex data sets and solving complex problems.

- Technologies : React Js, JavaScript, Google Cloud Platform and Google Sheets.
- Created multiple microservices for better optimization of the website.

Financial Analyst

Jun 2021 - Sep 2022

Clover Security Private Ltd, Pune

- Analyzed and monitored statistical data trends.
- Supervised accounts receivables and accounts payable for the gains.
- Monitored daily revenue, risk and working capital movements.
- Participated in conference calls and meetings and interacted with key leaders.

Junior Web Developer

Sep 2019 - May 2020

iEnergizer, Noida

- Applied knowledge of JavaScript and Object-Oriented Programming to create successful designs.
- Oversaw technical issues and troubleshooting requests to resolve surfaced problems.
- Collaborated with graphic design personnel to integrate images as basic site components.
- Built website interfaces with HTML and CSS.

EDUCATION

Bachelor of Computer Science Engineering

: CSE

Chandigarh University

Jun 2015 - Aug 2019

CGPA: 6.6

PROJECTS
